

An aerial photograph of a backyard swimming pool. The pool is rectangular with rounded corners and is surrounded by a light-colored wooden deck. On the deck, there are two blue lounge chairs, a red Adirondack chair, and a small table. A large, light-colored rectangular area with a Greek key border is visible on the deck. The pool is filled with clear blue water, and a blue and white striped pool cover is partially visible at the bottom right. The pool is enclosed by a white fence with a black metal railing. The surrounding area is green grass.

Concord

Lexington Pebble Light Blue

The Benefits of Unibead

GLI's Unibead construction allows you to replace an overlap or beaded liner with one of our beautiful tile patterns. If replacing an overlap liner, simply attach the Unibead J-hook to the top of the pool wall. If replacing a beaded liner, remove the J-hook portion of the liner and install like a standard beaded liner. Both options give you a professional look and make installation a snap.

Protect Your Above Ground Liner

Armor Shield

Armor Shield provides an important protective layer between a vinyl swimming pool liner and its sand or soil base. Unlike traditional foam padding, Armor Shield is a Polypropylene Geotextile material that prevents cuts and punctures to the vinyl liner caused by rocks, roots, grass and even GLASS! Armor Shield also reduces convective heat loss and provides a comfortable floor pad for tired feet.

Our Program

We are so certain of the protection Armor Shield will provide, we will extend the warranty of your GLI Above Ground Liner* from 20/1 years to 25/3 years when installed with ARMOR SHIELD.

Should you experience a problem with your liner as a result of a manufacturing defect, GLI will replace your liner within your first 3 years of ownership.

Warranty Assistance

GLI makes redemption of your warranty easy. Simply be sure to keep a DATED copy of the purchase invoice for both the GLI liner and the Armor Shield floor protector in your records. If a defect should occur, send a copy to our Customer Care department along with a photo/digital image of the defective area. **JUST LIKE THAT**, your warranty will take effect and a replacement liner will be issued.

*The Liner Doctors® Above Ground Liners offered by GLI are not eligible for a warranty increase, this is due to the Extended Warranty Protection Program already offered with the Liner Doctors® program.

Ultra-Seam®

Now standard on all Above Ground Liners

The strongest seams you'll NEVER see.

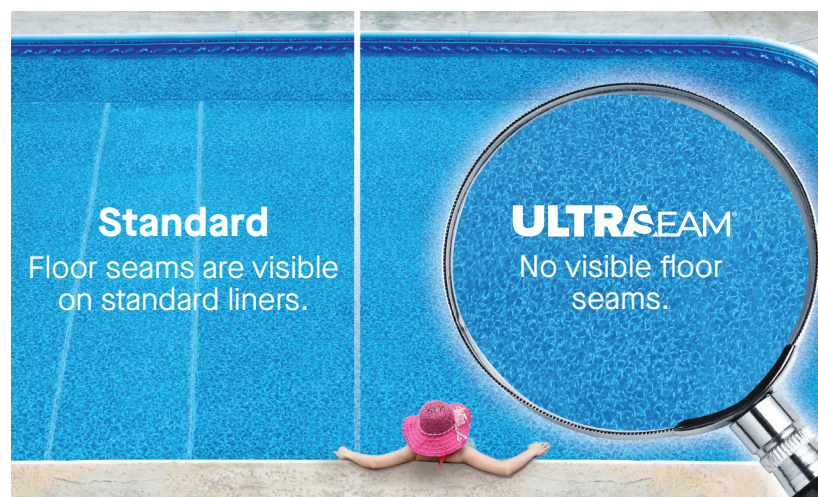

Boost your new and replacement vinyl liner sales with GLI's exclusive vinyl liners with Ultra-Seam® - they beat the competition every time!

Proprietary seams proven stronger

GLI's exclusive Ultra-Seam® process creates seams that are tested and proven to be stronger than standard seams.

Customers love the look

Industry leading technology produces virtually invisible floor seams.
